Bendigo Senior Secondary College 5.00 – 8.00 pm

### Pathways to VCE PE Success in 2014!

Robert and Amanda offer their considerable experience in the field to assist students by allowing them to better understand all aspects of Unit 3 Physical Education by:

- ▲ Clearly mapping and explaining the key content associated with Unit 3 P.E.
- ▲ **Focusing on all the assessment criteria used in Unit 3 and discussing ways to maximise performance in all school assessed coursework tasks**
- ▲ **Providing a comprehensive set of student notes that will be a most valuable resource whilst working through the course during the year**
- ▲ Providing advice on how to improve the application of key knowledge whilst in class and at home

**About the presenters :** Rob Malpeli and Amanda Telford are the authors of the most widely used P.E. text “**Nelson Physical Education VCE - Units 3 & 4**”, all-in-one P.E workbook and study guide “**Peak Performance**” and keenly sought **A+ Phys Ed Notes & Exams**. Robert is a highly experienced Physical Education teacher, having taught the study for over 24 years and now at The Knox School. Amanda is an Associate Professor at RMIT where she co-ordinates one of the most highly regarded P.E degrees in Australia.

They have each taught senior PE and had extensive input to course development & implementation. Both have held positions of responsibility with VCAA including State reviewer, exam setting & marking. Additionally they have continued to support both students & teachers via the release of numerous P.E. resources and extensive travel throughout the State in running workshops.

Cut and attach to your \$60 payment, or simply register via email and pay at the session! **Closing Date: February 9th, 2014**
